RE: Area 3A / 4A  
Subsurface Predesign  
Investigation PSP

Dear Mr. Reising:

The United States Environmental Protection Agency (U.S. EPA) has completed its review of the United States Department of Energy's (U.S. DOE) Project Specific Plan (PSP) for the Area 3A/4A subsurface predesign investigation.

This PSP provides a plan for investigating the subsurface contamination in remediation areas 3A/4A, the eastern half of the former production area.

The document appears adequate and consistent with other documents. Therefore, U.S. EPA approves the area 3A/4A subsurface PSP.

Please contact me at (312) 886-0992 if you have any questions regarding this matter.

Sincerely,

James A. Saric  
Remedial Project Manager  
Federal Facilities Section  
SFD Remedial Response Branch #2
